About Me

A highly organized and personable person who recognizes the importance of hard work and teamwork for success. Having lecturing skills experience in the automotive industry for more than 13 years, I made great improvement and guided the students to complete their studies to succeed for their future career.

Awarded by IMI UK Awards in 2023 under EV and Hybrid, I'm assigned to look into developing New Energy syllabus.

Education

ESnet Academy Sdn Bhd (2008 - 2010)
